Re: Docket Number 04-00434

Dear Ms. Standley:

In response to your request, please be advised that Henry County does not require a bond from a wastewater utility for construction or operation purposes. Our municipalities have codes or zoning that might permit them to require bonds, but there is no zoning or codes in the unincorporated areas of Henry County.

Sincerely,

Brent Greer  
Henry County Mayor

2. What is the amount of bond that a utility must post, before receiving approval to construct the system within your jurisdiction? *Nothing in County*
3. What is the amount of bond that a utility must post, before receiving approval to operate the system within your jurisdiction? *0*
4. What is the required term of the bond(s)? *Not Required*
5. If there is a bonding requirement in your county, are there any exemptions to that requirement? If so, please list or describe the exemptions permitted. *not required*
